About Me

A dedicated, self-assured, and eager learner with a constant desire to acquire new abilities. Possessing expertise in Graphic Design, Web Development, and Android Development, I aim to apply my knowledge and experience in these areas. Seeking opportunities to serve a professional organization with sincere devotion, diligence, and commitment. Additionally, I have five years of experience managing a YouTube channel, providing me with skills in video editing.

Education

Jagannath University, Dhaka - B.Sc

Computer Science and Engineering

2020 - Present

Grade : CGPA

In my third year of pursuing a B.Sc degree in Computer Science and Engineering at my university life, I have developed a deep understanding of various computer science topics, including programming, algorithms, data structures, database management, and web development.

Govt. Ananda Mohon College,

Mymensingh - HSC

Group of Science

2017 - 2019

Grade : GPA 5.00

During my time at college, I experienced a challenging and stimulating academic environment that fostered the expansion of my knowledge and the development of critical thinking skills.

Mymensingh Zilla School - SSC

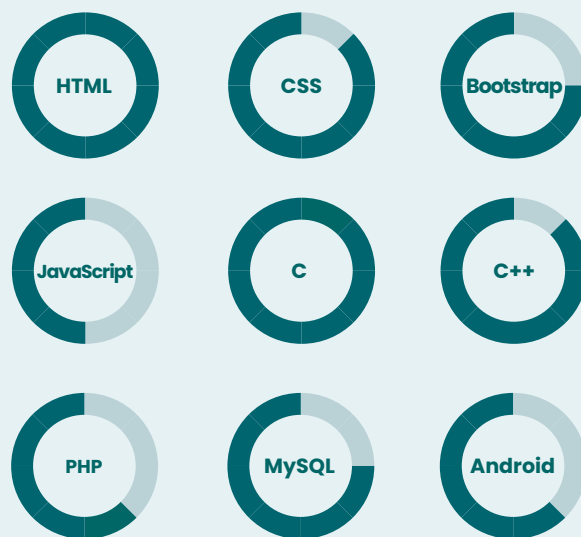

Group of Science

2009 - 2017

Grade : GPA 5.00

At my school life, I pursued studies in the Science group, benefiting from a comprehensive education that equipped me with the necessary skills and knowledge for my academic and professional endeavors ahead.
